services at affordable rates. Rafeec Tech mechanical design and drafting services are dedicated to quality, accuracy and dependability

For 2D drafting

Civil & Architectural Drawing Works

Our Civil engineering drafting Service for:

- * 2D drafting services.
- * 3D Modeling Services. 
- * 3D Rendering and walk through
- * Floor plans layout and drafting
- * Concept design and drafting services
- * Solid modeling for beams, columns, slabs, wall and foundation.
- * Shop Drawings-doors, cabinets and small portable structure.
- * Master plan Drawings.
- * Product Drawings.

Our Services

- ★ Structural & Piping detailing &
- ★ Isometric conversion
- ★ Heat Exchanger & Pressure Vessel Detailing
- ★ Civil & Architectural Drawing Works
- ★ Paper to Cad Conversion
- ★ As Built Drawings
- ★ 3D Modeling & Animation works
- ★ Website design & development
- ★ Architectural walk through

We strive to create end-to-end solutions that meet our clients' needs and exceed their expectations

In today's fast-paced business environment, efficient, expert and expedient solutions to engineering, design and drawing issues are crucial.

Paper to Cad Conversion

Our team has extensive experience in paper to CAD conversion gained through the work we do for various clients.

We digitize their scanned legacy drawings into fully vectorized CAD drawings. Manual to CAD conversions 2D to 3D CAD conversions 3D to 2D CAD conversions Raster to vector CAD conversions

As Built Drawings

As Built Drawings are the modifications made in the specifications of working drawings during the building construction process. The As Built Drawing shows the exact dimensions, geometry, and location of all elements of the building project completed under the contract. We know the value of As Built Drawing which is considered as

one of the most critical elements of any building or construction project in the construction industry.

3D Modeling & Animation works

Production tasks (creation of 3d models of various parts and assemblies); construction and architecture (modeling of buildings, premises, design of interiors); cinema and animation (3d animation), advertising (presentations made as three-dimensional models and scenes).

Website design & development

Corporate website Design

A Corporate website is more than the face of a business. It is the market perception of a firm. Rafeec Tech translates your business objectives into a compelling case for collaboration on the web

Web Development

The purpose of a business oriented website is to act as a gateway for potential business opportunities. 3d-labs has established itself as website design firm repute and credibility. The technical team here is comprised of seasoned design professionals who transform your ideas into a dynamic online Public relations portal.

Architectural walk through

3D Rendering can portray color hues, light intensity, light reflection and the play of shadows, which reflect interior or exterior lighting. 3D Architectural Walkthrough usually start with

depiction of the external facade of the building where the structure, architecture and building materials can be shown.

Company Profile:

Rafeec Tech an specialized organization in india
Having a nationwide satisfied customers
in the field of Civil,Power generation, Automobile,
Fabrication, Animation industries.
